| d) nooks and | 4) up |
| e) hit a | 5) home run |
| f) be stiff and | 6) crannies |

2. Read the sentences and complete the gaps with the phrases from ex. 1.

Discuss if you agree with these sentences.

- a) Make a joke at the beginning of your presentation to seem more sociable and to the audience.
- b) The audience will only trust you if they feel that you know all the of the topic you present.
- c) Doing a in front of the mirror is not the same thing as doing it in front of an audience.
- d) It doesn't matter if you are as long as the information you present is valuable.
- e) There's no better way to and do better presentations than actually doing it many times.
- f) The more visual aids you use, the better your chances to with your presentation are.

3. You are going to watch a video about common mistakes to avoid during a virtual presentation. Before watching, look at the tips and decide if they should be in a 'do' or 'don't' list for successful virtual presentations. Watch the [video](https://youtu.be/atLvsjllsOI) [https://youtu.be/atLvsjllsOI] and check your answers.

- a) Exaggerate your gestures and your tone of voice.
- b) Try to maintain eye contact by looking at every participant.
- c) Avoid telling any stories or anecdotes.
- d) Do a dry run.
- e) Make it a lecture and leave questions for the end.

How to nail that presentation

4. Watch the [video](#) again and answer the questions.

a) Why is it important to be able to do a presentation virtually?

.....

.....

b) What should you do to avoid being stiff?

.....

.....

c) How is maintaining eye contact different when presenting online rather than in person?

.....

.....

d) What is the rule concerning timing?

.....

.....

e) Why is it important to do a dry run?

.....

.....

f) What can you do to make your presentation look less like a lecture?

.....

.....

5. Discuss the questions.

- What do you think of the tips presented in the video? What are some other tips to consider when presenting virtually?
- How is a virtual presentation different from an offline one? What tips would you suggest for giving a presentation in person?

How to nail that presentation

6. Read the short text and find the words to match the meanings below.

An elevator pitch (a brief summary of your background and experience you give to a person you want to network with) is ubiquitous in the business world. Therefore, everyone should have the basic skills to be able to do it. Don't be afraid to smile as you want to seem affable. Highlight your authenticity and don't ramble as it might detract your listener from the main points.

MEANINGS:

- | | |
|---------------------------------|----------------------------------|
| a) pleasant and easy to talk to | c) quality of being real or true |
| b) distract from | d) present or found everywhere |

7. Look at the text above again and discuss the questions.

- Have you ever had to give an elevator pitch? How did it go?
- What advice would you give to someone who needs to give an elevator pitch?
- What other types of business presentations do you know?

8. Match the sentences to the types of presentations they describe.

annual stakeholder report

pitch deck

roadmap presentation

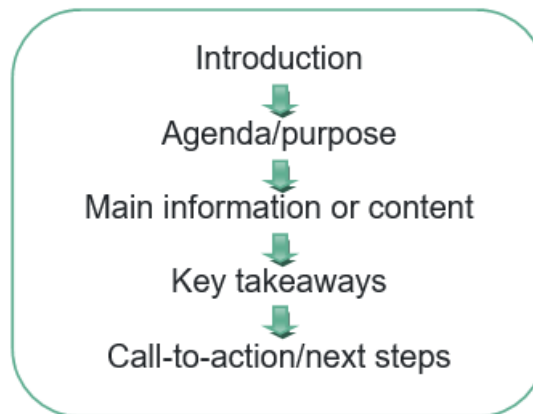

team briefing

- a) I think my presentation really hit a home run. They appreciated my authenticity and told me they wanted in. I think having done a dry run really helped.
- b) By highlighting our success in sales this year, we've tried to detract their attention from the failed launch of the new feature.
- c) I tried to communicate our milestones and emphasize ubiquitous ideas of productivity. I pinpointed the stages where we had to step up our game to reach the end goal.
- d) It went on for hours. The manager didn't just update us on the recent news and changes in our system. She really went through all the nooks and crannies.

How to nail that presentation

9. Discuss the questions.

- Which of the presentations above have you done? What is difficult about them? Can you think of some tips for each of them?
- Look at the common structure of a business presentation below. Do you think it is applicable to all types of presentation?

- Look at some other examples of presentations. Discuss structure and tips for each of them.
 - pitching an app to investors
 - giving a demo for the MVP
 - presenting a new approach to the team
 - sharing an action plan with a potential client
